

Survey Party Chief (Geomatics)

Pasquini & Associates is a firm of professional engineers, land surveyors, technologists and designers specializing in land development and municipal engineering, operating in Calgary and surrounding communities.

Growth of our firm is carefully managed with an eye on never losing site of the personal touch that our clients desire. Being an employee of Pasquini & Associates offers you the opportunity to grow with our company while working with well recognized and respected developers and homebuilders. We also foster a team oriented, work hard, play hard culture that cares about career development and succession planning. With these core values, stability, and controlled growth we expect to be around for a long time in the Southern Alberta land development industry.

Pasquini & Associates is seeking an experienced Survey Party Chief (5+ years' experience) to join our growing geomatics team. Our geomatics group conducts legal surveys (for subdivisions, rights of way, road dedication, etc.), construction surveys, new home construction surveys, topographic/site surveys, and any other survey related services our clients require. **The successful candidate will be primarily responsible for new home construction surveys (stakeouts, Real Property Reports, Grade Certificates).**

Experience and Educational Requirements:

- Minimum 5 years' experience as a Survey Party Chief with at least 3 years' experience in the land development industry. Experience as a survey party chief for new home construction projects is an asset.
- Diploma in geomatics technology or equivalent from an accredited post-secondary institution is preferred.
- Proficiency in oral and written English communication skills.
- Ability to interpret survey plans, engineering plans and architectural plans.
- Working knowledge of GPS, total stations, and electronic data collection equipment.
- Valid driver's license (Class 5) must be maintained and is a condition of employment.

Responsibilities:

- Report to Alberta Land Surveyor/Project Manager.
- Compliance with Pasquini & Associates' Health and Safety policies and procedures.
- Management and oversight of assigned field survey.
- Conduct legal and construction surveys for subdivisions, rights of way, condominiums (bare land and building), commercial/industrial development, and new home construction.
- Supervise and mentor Survey Assistant, as required.
- Uphold and adhere to minimum survey standards as per the ALSA Manual of Standard Practice and Pasquini & Associates' field surveys policies/practices.
- Accurate/precise data collection and clear/concise field notes.
- Ability to effectively manage time and prioritize tasks.
- Maintain strong client communication and management accountability.
- Equipment maintenance, control, repair, and inventory accountability.
- **Must provide own vehicle for travel to and from job sites. Compensation for mileage will be provided.**
- **Must provide own cellular phone with data plan. Compensation for cellular plan will be provided.**

The compensation package for this position will be commensurate with level of qualifications of the successful candidate.

Please apply in confidence to Ryan Medlicott (rmedlicott@pasquini.ca). We thank all candidates for their interest however, only those selected for an interview will be contacted.
